Our Safeguarding ethos

Reach Out, Speak Out

If there are issues occurring that need to be challenged, we ask that you 'Reach Out' and share your concerns with a staff member. If you have worries we ask you to 'Speak out' and let us help you with these

What to do if you need to speak to someone

Whatever your issue, there is always someone to speak to here at Shelley College. If you have concerns about your own welfare, or the welfare of a friend or other, never be afraid to speak to someone.

If you need to speak to someone, go to any member of staff in school, who will always be willing to help.

Ask if you can speak to them about something you are concerned about, or say it is a safeguarding issue.

The staff member will listen and point you in the right direction of help.

We can't promise that we won't have to involve parents or other agencies, but you will be supported by us all the way.
